A Few Reasons Why You Should Use the Leonard

The twelve wall construction
means a great saving of ice in a
short time. The case or outside
frame work is of solid oak,
beautifully finished. The heavy
tin-lined shelves are remov-
able for cleaning. The drain
pipe is quickly removed for clean-
ing. The genuine porcelain lin-
ing is absolutely germ proof and
is easily cleaned. The circula-
tion is perfect, assuring a free circulation of pure dry air.
Foods when placed in the Leonard retain their sweetness
and wholesomeness. In fact you can't buy a better refrig-
erator than the Leonard Cleanable Refrigerator lined.
Prices up from
